31.6um

A microscopic image of a sockeye salmon scale, showing concentric growth rings. A scale bar is drawn across the image, with a line extending from the text '31.6um' to the bar. The scale bar is composed of several short, parallel lines. The scale itself is a semi-circular, fan-shaped structure with a central core and numerous concentric rings of varying thickness and color, ranging from light tan to dark brown. The rings are more distinct in the outer portions of the scale and become more compressed towards the center. The background of the image is a light, textured surface, likely the mounting slide.
